The official name of this system is "Amazon Marketplace Time Sale Information Collection System", and the nickname is "Time Sale Entry System".

- CPA

This aims to contribute to sales growth for both Amazon and sellers.

Ultimately, the purpose is to make it possible for this system to perform all data processing before data is input to Amazon's EC sale price management system (SMAP), and to reduce the work burden as much as possible.

Anderson Group BPO, Inc.	February – May 2018
